6. [redacted] Met with Mrs. Irene Winter, in the office of Senator Warren G. Magnuson (D., Wash.), concerning the constituent question presented by the Senator on reorganization of CIA. Mrs. Winter was advised that the Agency is under statutory mandate regarding release of information concerning the organization and conduct of intelligence activities. It was suggested that the Senator might respond to the constituent to the effect that no information is available for release to the public on this subject at the present time. Mrs. Winter indicated she was sure the Senator would understand and that the question had only been forwarded because of the rather detailed treatment given the matter in the incoming letter from the constituent. (The extract from the constituent's letter forwarded to the Agency contained only the question of what was being done about reorganization of the Agency.) See Journal of 3 November 1961.
